

## Magically transform your pet into a beautiful piece of art and help global animal rescue at the same time!

Send artist, Carla Naden, a photo of your pet(s) and she will create a beautiful art piece. A percentage of the cost goes directly to Animal Balance to help spay and neuter cats and dogs on islands around the world. You can choose which country you would like to support. You will be helping save lives and improving the health of communities worldwide AND have a beautiful and unique piece of art of your pet.
